Japan Claims Fleets In Action In Latest Encounters

Super Bombers In Second Raid Upon Formosa

Military Targets On Jap Island Base Again Smashed By B-29 Force

ELABORATE CLAIMS ARE MADE BY JAPS

BULLETIN
(International News Service)
WASHINGTON, Oct. 16.—Superfortresses in great strength from bases in China struck today at two vital supply centers on Formosa and bombing results were reported as good. The Japanese announced that the second raid was carried out within 48 hours after the first was made by the War department at 4:00 a. m.

By JOSEPH A. BORS
(U. S. Staff Correspondent)

WASHINGTON, Oct. 16.—For the second time within a week, a large force of B-29 Superfortresses hit military targets today on Japan's vital Formosa Island.

No details were available immediately, but it was presumed that the bombers again came from bases in China. The original raid several days ago was made by a force of more than 100 of the giant aircraft. The second assault, by the aerial "task force" came as the battle of Formosa developed into a crucial struggle between Admiral William F. Halsey's Third Fleet and Japanese land-based planes.

Elaborate Tokyo Claims

Tokyo radio was on the air of elaborate claims of victory and assertions that Halsey's task forces were in full flight under battering attacks by Nippon's elusive fleet. There was no confirmation from Admiral Chester W. Nimitz of any damage to American warships but he did admit that the Japanese were making strong efforts to bomb and torpedo the United States vessels.

According to Tokyo claims 16 American warships had been sunk off Formosa and 19 others damaged. (Continued on Page Two)

PA NEWC Observes

Numerous white-coated autos were seen on the streets early this morning. They had evidently been standing all night and were well coated with frost.

Despite the many warnings given that a month before election day was the last chance to register here, a considerable number of citizens have inquired at the registration board during the past week and made unsuccessful efforts to register.

First advance showing of the coming winter was recorded here during the night. Temperature got down as low as 24 degrees above zero at some places in the county, according to reports to Pa. News, and a heavy frost was noticeable.

Pheasants must have an apprehension that the hunting season is nearing. Several have been seen inside the city limits in the northern area of the county recently, apparently having come in from the country areas to the north.

Lovely in spite of the technical explanation that can be given for them, the "northern lights" or Aurora Borealis, made their appearance in this locality for the first time in several years. Saturday night, from 9 o'clock on, the arcs, streamers and curtains of light became brighter until after midnight, interfering with short wave broadcasts, but putting on a good show for observers.

Daily Weather Report

United States weather statistics for the 24-hour period ending at 9 a. m. today follow:
Maximum temperature, 54.
Minimum temperature, 25.
Precipitation, heavy frost.

Weather Conditions Will Prove Big Test On Western Front

By MAJOR PAUL C. RABORG
(Written Especially For International News Service)

NEW YORK, Oct. 16.—The battles now taking place in western Europe have already felt the touch of an extremely cold, rainy, muddy and icy fall and winter.

Regardless of how many roads exist in any country, it is very difficult for armies and particularly their transportation to stay all of the time on surfaced highways. It should be remembered that trucks used in the quantities required by large bodies of armed troops will run on any surfaced road unless it is cobblestone. And incidentally, many of the roads in Germany are cobblestones which were laid by the armies of Julius Caesar, and they are still among the best highways of that country.

Many Horses Used
With the rush to mechanization and motorization of armed forces which took place just before and during the commencement of World War I, the use of horses was reduced to a minimum.

New Air Attacks In Philippine Area By Yanks

By FRANK ROBERTSON
(U. S. Staff Correspondent)

GEN. DOUGLAS MACARTHUR'S HQ., New Guinea, Oct. 16.—The destruction or damaging of three more Japanese surface vessels in the Philippines area by Allied airmen and new raids against Japanese air supply areas and airbases in the Southwest Pacific were announced today.

Describing an attack on Japanese surface craft south of Basilan Island in the Philippines, General Douglas MacArthur's communique related how the Allied bombers damaged or destroyed a small steamer, a tugger and a barge. Two 1,000-ton freighters were strafed in still another bomber sortie in the Celebes area.

Off Vogelkop peninsula on Dutch New Guinea, Allied fighters sprayed a number of Japanese rafts laden with troops.

Start Huge Fires

In the Celebes area, MacArthur's bombers blasted a Japanese seaplane base starting fires that sent smoke 5,000 feet into the sky. Three float planes also were destroyed. Medium and light bombers, unleashing 25 tons of explosives, staged a new attack on the Japanese airfield on Halmahera, the shores of which were strafed by light naval units.

Enemy submarines on Ceram were blasted with an 80-ton attack and the Matina airfield on Davao also was subjected to sky assault. Large fires and explosions were started on the Balikpapan oil refineries on Borneo by night patrol bombers.

Yanks Are Forced Back At Driant

(BULLETIN)

WITH THE U. S. THIRD ARMY, Oct. 16.—(INS)—American troops were forced to withdraw from embattled Fort Driant, Nazi bastion guarding the approaches to Metz, Thursday, official sources announced today.

Driant, key fortress in the chain below Metz, was the scene of several days of furious engagements while the doughboys held much of the surface of the fort and Nazis clung to their underground positions, into which hot oil was poured at intervals.

Before leaving, the Americans blew up the sections they held. Shelling and bombing of the fort continues.

Woensdrecht Is Taken By Allies

LONDON, Oct. 16.—(INS)—An exchange telegraph agency dispatch from the front said the Canadians stormed and captured the strategic Dutch town of Woensdrecht today after a three-hour battle against heavy opposition. Woensdrecht is at the base of the isthmus which connects South Beveland in the Scheldt estuary to the mainland.

NEW CRUISER IS LAUNCHED SUNDAY

CAMDEN, N. J., Oct. 16.—(INS)—The U. S. S. Macon, 13,000-ton heavy cruiser, was waterborne today—the third warship of its class to slide down the ways of the New York Shipbuilding Corporation at Camden since July.

Nazi Efforts To Relieve Defenders Of Aachen Futile

Armor-Paced German Infantrymen Fail In Effort To Aid Garrison

GAP FROM AACHEN BEING NARROWED

By KINGSBURY SMITH
(U. S. Staff Correspondent)

WITH THE U. S. ARMY AT AACHEN, Germany, Oct. 16.—Armor-paced German infantrymen today staged a savage counter-attack against American positions outside Aachen between Elendorf and Verlautenheide in a futile effort to relieve their garrison inside the besieged city. Four of the six Nazi tanks which led the attack were reportedly knocked out as a heavy American artillery barrage blasted the Nazi thrust back. The Americans lost no ground.

The infantry thrust was supported by five or six Tiger tanks and American guns knocked out four of them. Germans badly mauled. At 9 a. m., the Germans had withdrawn, having been badly mauled. It is obvious that the enemy is going to make these counter attacks (Continued on Page Two)

Air Force Aids Drive In Italy

Advancing Fifth Army Gets Excellent Over-Head Coverage From Air Fighters

ESCAPE CHANNELS GIVEN POUNDING

By MICHAEL CHINIGO
(U. S. Staff Correspondent)

ROME, Oct. 16.—Helping pave the way for smashing ground thrusts below them, a thousand planes of the Mediterranean air force swarmed over the Po valley, headquarters revealed today in describing how medium bombers and fighter-bombers escorted by fighters gave close support Sunday to the advancing fifth army.

The medium bombers concentrated their attacks on key roads and bridges linking northern Italy. They sought to cut the Nazi escape channels behind the stubborn Gothic line. They succeeded in stores of instances, knocking out vital bridges, smashing railways and roads with a rain of heavy explosives.

Seek To Cut Road
Other units of the British Eighth Army seeking to cut the lateral road from Rimini to Bologna, along which the Nazis have been shutting troops to hard-pressed spots in the lines, improved their positions with limited gains after stiff fighting.

British South African troops fighting with the Fifth Army on the left flank of the line which engulfed Livernano also made significant gains which cleared the villages of Vegio Grizzana and Camplara. Farther west the British and Americans engaged in lively patrol action as the fall of Livernano set aflame the entire Fifth Army sector.

Jap-Occupied City Of Canton Bombed

NEW YORK, Oct. 16.—(INS)—Jap-occupied Canton, on the China mainland, was attacked today by Allied sky raiders, according to a Japanese broadcast heard by FCC. The Japanese said 50 planes participated in the attack, and that eight were shot down.

FIRST KILLING FROSTS REPORTED

Although frost occurred here several weeks ago which killed off some of the tender vegetation in spots, the first real killing frosts of the year came this morning and Sunday morning.

The official temperature at the water plant was 25 degrees this morning, with a 29 degree mark being noted Sunday morning. Lower marks were reported in some of the outlying districts, however.

HUNGARY DRIVE MAKES PROGRESS

By NATALIA RENE
(U. S. Staff Correspondent)

MOSCOW, Oct. 16.—Fighting flared furiously over a vast 1,800-mile stretch on the eastern front today as the Russians drove German forces toward the Norwegian border from liberated Petsamo in Finland and battled Nazi columns in Belgrade, capital of Yugoslavia.

Soviet forces closed in on Petsamo, the Barents seaport turned over to Moscow under the terms of the Finnish-Russian armistice, in a huge pincer movement as land columns broke through the Nazi defenses on the Karelian front and red navy units moved in from the sea.

Germans Retreating

Today front dispatches said the Germans were retreating to a point less than ten miles from the Norwegian border.

(A German communique admitted the Nazi reverses in Finland, saying their Alpine troops had withdrawn to the northern reaches of the Petsamo front.)

At the southern end of the line deep in Yugoslavia, the Russians and partisans under the command of Marshal Tito were reported fighting intense battles where the Nazis were pushed to the western portion of the city.

With reported red army advances in Hungary and new victories in Transylvania and Czechoslovakia, front-line observers today saw Soviet strategy aimed at clearing the southern flank in preparation for an attack on Austria.

Demand Nazis Hold To Death

SUPREME HEADQUARTERS, ALLIED EXPEDITIONARY FORCE, Oct. 16.—(INS)—Fierce fighting raged in the rubble-strewn streets of Aachen and the surrounding countryside today.

The Germans are counterattacking consistently both there and at Woensdrecht on the Dutch front, which was recaptured by Canadian First Army troops after they had been dislodged in a savage enemy thrust.

Nazi overlords of the German army, Gen. Dwight D. Eisenhower's headquarters said, are threatening German soldiers in the Vosges mountain area with reprisals against their families unless they hold to the death against the American Seventh army.

British Warships Landing Troops At Greek Port

ROME, Oct. 16.—(INS)—Mediterranean naval headquarters disclosed today that the British warships Orion, Ajax, Aurora and Black Prince are landing fresh troops at Piraeus, port of the Greek capital of Athens.

The fleet anchored at Piraeus during the night following the clearance of enemy mines from the approaches. Units of the Greek navy are cooperating with the British in staging the landings.

More Robot Bombs Fall On England

LONDON, Oct. 16.—(INS)—Rescue squads in London and southern England plunged into salvage operations today cleaning up damage inflicted during a night of robot bomb blasts.

An undisclosed number of casualties were sustained in both the London area and southern England.

WAR COMES TO NAZI CIVILIANS

A long line of German residents of the town of Uchach pass American troops moving toward the front. They were on their way back to the safety of the U. S. lines after undergoing shellfire and air attack for many days before their evacuation.

Hitler Battles In Attempt To Hold Hungary

Seeks To Thwart Sudden Hungarian Armistice Proposal To Allies

CONFUSION HAS GRIPPED HUNGARY

BULLETIN
MOSCOW, Oct. 16.—(INS)—Without comment, Pravda today published a report that Admiral Horthy, Hungarian regent, seeks armistice negotiations.

By CHARLES A. SMITH
(U. S. Staff Correspondent)

LONDON, Oct. 16.—Germany and Hitler today fought desperately to thwart a sudden Hungarian armistice proposal that would deprive the Nazis of their last remaining ally in Europe.

Reports from Budapest indicated that confusion reigned throughout the entire nation after Regent Admiral Nicholas Horthy revealed he had asked the Allies for terms and that the Nazis sought to nullify the little nation's peace gesture.

A new pro-German Fascist government apparently had taken over at Budapest under the leadership of Ferenc Szalasi. The extent of their powers, however, remained unknown behind a veil of confused reports.

Arrange Funeral For Gen. Rommel

LONDON, Oct. 16.—(INS)—A state funeral for Field Marshal Erwin Rommel, the Nazi "Desert Fox," has been ordered by Reichsfuehrer Adolf Hitler, the Nazi DNB agency announced today from Berlin.

Rommel's death was announced last night by the German radio which said simply that the former commander of the Nazi armored divisions in Africa and the western front had died of injuries received in an automobile accident.

However there were well-founded reports Rommel had been severely injured on the Normandy front last July just before the American break-through south of St. Lo when his car was strafed and wrecked by an allied fighter plane. Captured prisoners and French underground reporters said he had been shot through the back and chest.

President May Speak In State

HARRISBURG, Oct. 16.—(INS)—The 1944 campaign for state and national offices hit full stride in vote-conscious Pennsylvania today with hints that President Roosevelt would carry his fourth term drive into Philadelphia as Republicans anticipated Gov. Thomas E. Dewey's address in Pittsburgh Friday night.

There were reports the president had yielded to the pleas of party lieutenant for a short campaign tour to offset the GOP standard-bearer's nationwide tour.

Both parties appeared determined to leave no political stones unturned in an effort to capture the commonwealth's 35 electoral votes. The last time Pennsylvanians helped elect a Republican president was in 1928 when Herbert Hoover defeated the late Alfred E. Smith.

Secrecy Veils Naval Moves In Pacific Now

Reports Indicate Decisive Sea Battle May Be Developing In Area

JAP FLEET MAY HAVE LEFT HIDING

By RICHARD V. HALLER
(U. S. Staff Correspondent)

PEARL HARBOR, Oct. 16.—Movements of the lethal Halsey-Mitscher naval team which struck the devastating blows at Formosa and the Ryukyu Islands, continued to be shrouded in secrecy today as American and Japanese forces squared off for what well may be the decisive battle for sea supremacy in the Pacific.

Only word that the imperial fleet may be in action against Admiral William F. Halsey's Third Fleet, which has wreaked destruction on the empire's front-porch defense bastion of Formosa, came from radio Tokyo which broadcast the claim that "53 American ships, including 17 carriers and a large battleship had been sunk and that at least 13,000 casualties had been inflicted upon the American fleet."

Battle Continuing

A Pacific fleet headquarters communique revealed that "the battle is continuing" and that the American fighter planes and ships' anti-aircraft batteries shot another 61 enemy aircraft from the sky at Formosa and destroyed an additional 30 Jap planes on the ground at Formosa and Luzon Thursday night and Friday. These figures bring the total enemy planes destroyed at Formosa and Luzon to 487. Admiral Nimitz earlier had reported 396 destroyed in the first Formosa assaults.

Added to the 487 figures are an additional 82 enemy planes shot down in the Ryukyus last Monday and ten destroyed Tuesday over (Continued on Page Two)

Japs Run Wild Making Claims

By J. C. OESTREICHER
(U. S. Foreign Editor)

Taking fullest advantage of an American silence dictated by the demands of military security, Japanese propagandists had a veritable field day today in claiming that 25 United States warships already have been sunk or damaged in a great and continuing sea-air battle off the island of Formosa.

But neither in Washington nor Pearl Harbor was there any sign of perturbation as the Japanese roared and ranted throughout the day, issuing a stream of communique, broadcasts, and commentaries to allege that a formidable American fleet has been blasted out of existence with a loss of some 13,000 lives.

The enemy claims were characteristic unconfirmed, unsubstantiated and undoubtedly highly exaggerated if not complete fabrications.

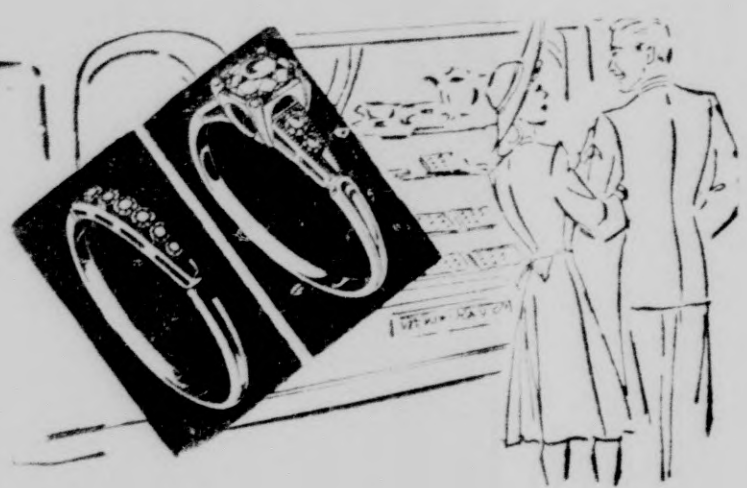

This is not the first time that Japan has made such claims in the past, only to dissolve into a cloud of her own when Admiral Chester W. Nimitz and the Navy department felt that the time was ripe to tell the whole story.

Down went the mercury, to set a season's low, down went the silver line to make you think of snow. Zoom went the garden staff the victim of the frost, tomatoes and the pepper crop can now be counted lost. Out comes the flannel suit, those lengthy jobs of red, but look at all that garden stuff that is completely dead. Beware, the frosty snips are pounding on the grass, a sure sign that fall is here, and probably will not pass until the winter takes the job and starts his fuss and roar, so up came the mercury, at noon it's forty-four.

SILVER WEDDING

AT F. LANGLEY HOME

During the week end, another silver wedding anniversary was commemorated—that of Mr. and Mrs. Frank Langley, Hillcrest avenue. In observance, they were hosts at a dinner party, with members of their family and close relatives numbering forty, being served at 2 o'clock.

In the evening, "open house" was observed when friends and neighbors joined in the informal program.

Included in the guest list were the parents of Mr. Langley, of Struthers, Ohio, and his wife's father, Clayton Dunbar, of Youngstown.

Flowers received by the Langleys decorated the table and the rooms throughout, and a buffet lunch was served.

A feature of the afternoon was a letter written to their son, now serving in France with the United States army, in which all the participants.

An array of beautiful gifts in keeping with the anniversary theme received by Mr. and Mrs. Langley, were also displayed.

California Situation Difficult To Forecast

SAN FRANCISCO, Oct. 16.—The mayor of San Francisco is a big, broad-shouldered Lapham, a shipping millionaire who was elected with the votes of labor.

The city has gone a long way since the years when waterfront strikes produced a kind of civil war. The vast activity of this port, so essential to the war in the Pacific, has been remarkably free of labor trouble.

Of course, organized labor didn't openly support Lapham who is a registered Republican; but he could not have been elected without substantial support from that quarter. The majority election, as in most California cities, is on a nonpartisan basis. Anyone who can produce the small filing fee and testimonials of good character can have his name on the ballot, which has no party designations.

Strictly Local Affair

That is something outsiders fail to realize—that county and municipal politics in California have little to do with party organization. Here, where there is cross-filing and where most candidates run in both primaries, party labels mean less than almost anywhere else in the United States.

Therefore, in California the Republican approach to victory is simply not valid. Governor Dewey and Herbert Brownell Jr., his campaign manager, are relying heavily on the influence of governors and local officeholders to build a Republican majority. It won't work here, which is another reason why it will be difficult or impossible to swing this state into the GOP column before November 7.

In a sense, Governor Earl Warren is a nonpartisan governor. He has several Democrats in his cabinet. It was undoubtedly one reason he declined to run as vice president in spite of the pressure put on him at Chicago. Governor Warren can go out into the country, knocking for the ticket in Ohio and Minnesota, but there is precious little he can do in his own state.

Besides the national and state offices to be filled, Californians will have on their ballot a flock of constitutional amendments, and a similar proposal is before the voters in other western states, would boost old-age pensions to \$60 a month.

Controversial Amendment

Perhaps the most controversial of the proposed amendments is proposition No. 12. It is adopted, it will be one of the enforcement closed shop or union shop contracts when an individual worker decides he does not want to belong to a union.

What this could do to San Francisco's booming war industries is hard to say. They are solidly unionized, and most contractors are some form of union shop. Amendment No. 12 could break down the whole structure of labor relations in this key state.

And yet there seems to be some chance it will pass. The tendency here is to blame a few die-hard radicals for proposition No. 12. They initiated it, and they are backing it. Mayor Lapham has come out in a public statement opposing No. 12. A former member of the War Labor Board in Washington, he knows exactly what chaos it could create. For that reason, he could hardly be expected to step beyond the bounds of his office to make his opposition known.

It is interesting and instructive to see Roger Lapham disciplining himself in the role of public official. He comes out of San Francisco's lusty, fortune-besetting background. He enjoyed his life as the head of a big shipping company, a man of money and power with resources for pleasure.

Yet he made himself, out of his sense of responsibility, run for public office. Directly in front of his is a wooden frame with letters, "days to go," and on the right, "days to go." Each day his secretary adds a new digit to the left-hand side and subtracts one from the right. He still has more than 1100 days to go before the end of his term.

It is a chore, and often a bore. But this citizen of San Francisco is seeing it through.

HEART DISEASE

Heart trouble may affect persons of any period of life. It seems to be especially prevalent in people past middle age.

Since the span of life is lengthening there will probably be more cases of heart trouble.

Sometimes a person may have something wrong with the heart or blood vessels and not know about it. Perhaps it is a good plan to have a medical check up.

If something wrong is found it might be possible to take precautions so as to avoid serious trouble later on.

Undisciplinary Child

The child generally is between the ages of 5 and 14 and may be a veritable pest until he discovers we welcome him so long as he conforms to the rules of our home. If we can discover a few good traits or good deeds in him and tell of them to his parents in his presence the effect may be astonishingly good. Of course, we may need to supervise the child when he is alone and then keep him in our sight and hearing while on our own premises. We should aim to help him gain satisfaction at creative amusement.

GIRL IN LOVE WITH TWO BOYS

I am 19 years old and am in love with two boys, both of course, in the service. Each has asked me to marry him but I have put them off until I am sure which I would rather have. They are equally attentive to me. "Jim" comes home oftener and I am just about "all out" for him when home comes "Bill" and then I am in the usual quandary and cannot make up my mind. What am I to do?—Diana.

Answer: Do neither, both until you find one so completely captivating that you will forget the others.

My theory is that you are not sufficiently in love with either for marriage. When a girl thinks she is in love with two men, she is usually in love with neither. You, at your tender age, are probably in love with love. If you love a man only when he is with you, it is pseudo-love—not the real thing.

Correspond with both boys. See both when they are home as well as any others who are available; but reserve your decision until your emotions are more developed and you find one who blows out the memory of all others.

When you find one who pleases your every mood and without whom your life would be empty and hopeless, you will know you have found "the real thing." There will be no guesswork about it and you will not be in a dither of indecision. Abide by the old saying: "When in doubt—don't."

Don't run into a war marriage to prevent the possibilities of spinsterhood. You are still very young and your chance will come. It's bound to! There are very few spinsters who have not had their chances to marry happily. And psychoanalysts are now pondering over that ultra-modern marital phenomenon: the growing tendency of our young men—particularly demobilized servicemen—to marry women considerably older than they.

The Parent Problem

By Garry C. Myers, Ph. D.

OTHER PEOPLE'S CHILDREN

We parents all need to have concern for the welfare of other people's children as well as our own, particularly for the children of faithless now in the armed forces. No matter how well their children are cared for by the mother, they suffer seriously from the loss of father-son companionship.

We men who are their neighbors should find ways of helping these children, attracting them to our homes, taking them places at proper times with other children of their age, providing ample opportunities for their recreation, winning them into such character-building agencies as Brownies, Cubs and Scouts and to Sunday school and church. Both mothers and fathers should try to be very good neighbors to these children and their mothers. See what it might mean to the peace of mind of the fathers in Service to know their children have such neighbors.

Many of these patriots' children are being neglected which means that some of them will get into trouble, even become delinquents.

Working Mothers

The mother may feel it necessary to work, without being able to provide adequate protection for her children in her absence. Even should her children have competent caretakers by day, she may be too weary on returning home to bestow on them adequate affection and companionship. (My special bulletin, "Suggestions To Working Mothers," may be had in a stamped envelope, by addressing 235 East 46th Street, New York City.)

While in most instances, the temporarily widowed mother guides and cares for her children ably and conscientiously, a very occasional one does neglect them or, in spite of her best efforts, fails to bring them up well. Neighbors incline to be critical of her and if her child proves to be wild and destructive in the neighborhood, to ostracize him. In such an instance, we who are the neighbors hardly fulfill our obligations. We owe it to this child and his father to try to win him to better conduct. Regardless of whose child it is, indeed, we do most for him and our community and, therefore, for our own child, when we cooperate with other parents to befriend this child, attract him to home and spend time and skill in winning him to better modes of behavior.

Undisciplinary Child

The child generally is between the ages of 5 and 14 and may be a veritable pest until he discovers we welcome him so long as he conforms to the rules of our home. If we can discover a few good traits or good deeds in him and tell of them to his parents in his presence the effect may be astonishingly good. New Bill Seeks Quick Release Of Servicemen
George Bill Opposed To Long Service For Men
Ford Plan Upsetting To Some Auto Competitors

By HELEN ESSARY (Central Press Columnist)

WASHINGTON, Oct. 16.—Some-what lost sight of, but of great importance to GI Joe, is a special provision in the George bill for post-war demobilization and reconversion which makes it mandatory on the Army and Navy to muster out servicemen when their job is done. Regardless of comment recently by Maj. Gen. Lewis B. Hershey that it might be cheaper to keep the men in service than jobs were available, the new law actually provides that.

"The War and Navy departments shall NOT retain persons in the armed forces for the purposes of preventing unemployment or awaiting opportunities for employment."

Ford To Get Jump

The Automotive War Council has reason now to love Henry Ford, the suggested independent of the car-making industry.

A few days ago, the council invited New York, Washington and Chicago newsmen to Detroit to hear the auto industry's problems on reconversion.

From the topflight executives of each company, the reporters heard the plea for prompt government action to aid preparatory reconversion steps. The principal appeal was for priorities to obtain much needed machine tools.

Before the seminar concluded, however, Ford's people blandly announced that Ford needed no tools to start production; that the Ford empire is self-contained; that it is going to beat its competitors to the post-war market with new cars within 60 days after the government gives the green light.

Representative Jed Johnson (D-Oklahoma) says the following questions are most often asked of congressmen by servicemen and women:

1. "What are the facts regarding the charge that President Roosevelt was to blame for this country being unprepared for war?"

2. "Do you think Sidney Hillman will run this country in case Roosevelt is re-elected?"

3. "Is it true that Roosevelt made a solemn no-war promise to the people assuring us that the boys would not be sent overseas?"

Roosevelt Aging

Newsman covering President Roosevelt's press conferences at the White House have noticed he has aged considerably in the past four years. He is held to be as robust as a man of his age—60—could expect to be. His frequent attacks of sinus and "head cold" have weakened him.

His recently-taken photographs from Bremerton and Quebec made him seem very old of face—far from the beaming Roosevelt of the "happy days are here again" era.

However, he appeared to have snapped back considerably at his address to the Teamsters' union. Newsman noticed the old "zip" was not quite there, but the fighting spirit was, although he still seemed extremely weary.

The Department of Commerce is promising household and clothing fabrics that won't be soiled because of their smooth surface. The fabrics will be soil-resistant, wrinkle-resistant, moth-fire-grass-resistant and can be merely wiped clean or laundered without ironing.

Also predicted are steaks cut and packaged for easy selection and perfection. No more waiting for the butcher to cut and weigh—just order, cook and eat—a nice post-war dream.

Russia's hard peace terms to Finland and Romania and the vigorous attacks by the Polish Committee of National Liberation on Warsaw's famed "General Bor", now a German captive, offers new evidence that the Soviet Union will brook no opposition from Great Britain and the United States in her plan to dominate eastern Europe.

In Washington, however, observers are at a loss to explain the British foreign experts' like a chap or two from Russia's school of hard-boiled, realistic foreign policy and learn to play their cards close to their chests.

Washington hopes that Anglo-American diplomats will remove their kid gloves.

What People Say

WASHINGTON—Chester Bowles, OPA administrator looks at the past-war world. As job uncertainty appears, the public will cut down on spending. People will feel they have got to get tight and be careful, thus forcing prices down.

SAN FRANCISCO—Dr. Ernest B. Price, executive secretary of the Institute of Public Relations: "China of today is on the verge of military and political collapse, and the China of the future is unknown."

WASHINGTON—Vice Admiral Ross T. McIntire, reports on President Roosevelt's health: There is nothing wrong organically with him in the slightest. He is perfectly O.K. and we have nothing to worry about.

ROME—Senator Benedette Croce, venerable Italian statesman: "Italy should be given back her dignity as a people and she should be placed on a par with all other peoples, who, victims of the Germans, are carrying on the struggle for the freedom of Europe."

His habit of carrying candies in his vest pocket while attending the movies proved disastrous last night to Zedok Dumkop. He was wearing his winter suit. The pockets were full of mothballs!

LOOKING AT LIFE

By ERICH BRANDEIS

The Manchester Guardian, one of England's most important newspapers, criticizes the United States for going rather far in its measures of coercion against Argentina.

The writer admits that England would probably like to follow suit.

We like the Argentine brand of fascism as little as does Mr. Cordell Hull, but we also prefer Argentine beef to American pork.

So there, in eight words, you have the real truth behind so much of the so-called statesmanship and diplomacy, behind so much of what determines human actions so beautifully disguised with sonorous words, pompous gestures and high-sounding phrases.

The real truth is we prefer beef to pork.

We prefer profit to patriotism. We prefer safety to danger. We prefer comfort to sacrifice. We prefer ease to suffering. We prefer ourselves to our country.

Oh, don't tell me it isn't so. Don't tell me I harangue and scold and misstate the facts.

Don't tell me unless you have never complained of not having enough gasoline or butter unless you have never been annoyed because you couldn't buy a pair of nylon stockings or a radio or a pair of shoes.

Why Necessary?

Else why would it be necessary for the government to get down on its knees to make you and me buy war bonds and save fat and sugar?

Else, why would we have strikes and slow-ups and demands for even more money, when the boys in the foxholes don't need a cent to die?

Else, why would we have murdering and vilification during a political campaign in the midst of a soul-and-body-destroying war?

Why do wars start? Usually because some nation prefers somebody else's resources to its own.

Then when the war has started there is speech-making and heroic music and high-sounding talk about patriotism and self-sacrifice.

Being a human being myself, I naturally believe in the human race, and to face facts, I realize that humans are still mighty far away from the ideals that are so easy to put into words and music.

As long as we do things because we'd rather have beef than pork, as long as the material things of life matter so much more to us than the spiritual ones, we will have wars and broken treaties and tears and regrets.

You and I have read a lot about a post-war world that will insure eternal peace. We have read of Dumbarton Oaks and Quebec and Teheran and we will read columns and volumes more.

And yet, the whole formula is right there for every man to read and to follow. The formula is thousands of years old, as new as it is old, as easy as it is simple.

The formula is all written down, ready to use—it's called THE TEN COMMANDMENTS.

Just Folks

INDIAN SUMMER

When men look out on life with scorn
And say that care strewn every mile
A red and gold October morn
Makes every passing year worth while.

'Tis something to have lived to see,
Though heavy were the burdens borne,
The gold and scarlet pageantry
Of every Indian summer morn.

Worth while the toiling and the pain,
The stress of life and doubt and fear,
To walk about and see again
The golden triumph of the year.

Last winter did we trudge the snow?
And were the skies of April gray?
Be glad, for we have lived to know
Another Indian summer day!

Mercer Presbytery
Young People Have
Annual Fall Rally

About 100 young people and ministers gathered at New Wilmington U. P. church on Thursday evening, October 12, for the annual fall rally of the young people of Mercer Presbytery.

President Anna Lois Anderson of New Bedford, conducted a very inspirational songs service which included theme songs and choruses of the National Young Peoples Conventions. The theme of the rally was "I Press On" and was brought closer to the hearts and minds of those present by the inspired message of Rev. C. R. Cheeks of Fairview U. P. church.

At such presbyterial gatherings an attendance banner is awarded to the society having the highest percentage of its members present. After calling the roll, it was found that the Second church of Mercer had the best attendance, with 130% present, and the secretary, Estella Adams of Plainville presented them with the attendance banner. Honorable mention for having 100% present, was to Sharon U. P. church. William Bowden of New Castle, former SYPW of Mercer Presbytery, very capable lead the group in a number of folk games and stunts.

Later in the evening the group enjoyed refreshments in keeping with the season, sandwiches, pumpkin pie and cider.

The rally was closed with the Friendship Circle, especially remembering in prayer those in the service from our group and Dr. J. Ralph Neale who underwent a very serious operation in the Jameson Memorial hospital recently.

Lieutenant Philip Willkie Home From Atlantic Convoy Duty For Services

NEW YORK, Oct. 16.—(INS)—Final funeral arrangements for Wendell L. Willkie were prepared today upon the return of his son, Lieut. Philip Willkie, from convoy duty in the Atlantic.

Members of the family announced that services will be held at 3 p. m. tomorrow at the Watt Memorial Home in Rushville, Ind., where the body of the 1940 Republican presidential nominee was taken after preliminary services in New York last week.

Mrs. Willkie, her son and Willkie's sister, Mrs. Miller Hamilton of Indianapolis, will leave New York tonight for Rushville. Dr. George Arthur Franz of the Indianapolis First Presbyterian church will officiate and interment will follow in the Rushville cemetery.

Police Checking
Fire-Seared Car

PITTSBURGH, Oct. 16.—(INS)—Police believed today that an automobile found in flames last night may be the car driven by the hit and run driver who Saturday night caused the death of John C. Easton, 71.

Firemen put out the fire after it had done about \$300 damage, according to police, who towed it to a police garage where its motor number will be checked and other means of identification sought.

The radiator grill, left headlight and both fenders were damaged, indicating the car had been in an accident.

The Szechuen-Sikang Economic Reconstruction society was organized in Chungking, China, recently.

CLINTON CHURCH DEDICATES FLAG

Tribute To Men And Women In Service Is Given Saturday Afternoon

Honoring servicemen from the district, a flag and flag pole set on the grounds of Clinton Methodist church on the Koppel-Wampum road were dedicated at a service at the church on Sunday afternoon. The church auditorium was filled with an audience of over 200 present for the dedication ceremony. Judge John G. Lamoree was the speaker and spoke on what we should do now to prepare for the time when men and women in service return home. A feature of the service was the introduction of men and women from the congregation who are in service and were home on furlough. Following the program in the church, the audience went outdoors where the flag with its 72 stars was raised by Earl K. Herbert, field executive of the Allegheny council of the Boy Scouts of America; Donald Kelly of the paratroopers and Miss Betty Millon of the Spars. Program Dedication program was as follows: Musical prelude—Mrs. Rosella L. Haswell. Song—Congregation. Prayer—Rev. William R. Wigton. Duets—Tanner sisters. Remarks—Rev. Wigton, Earl K. Herbert, Mrs. Archie Young. Duets—Tanner sisters. Address—Judge J. G. Lamoree. Song—Congregation. Introduction of men and women in service. Remarks—James Snyder, Sunday school superintendent. Flag raising. Pledge of allegiance, led by Mr. Herbert. Song—"America." Benediction—Rev. Wigton.

FIRE IN Y.W.C.A. City firemen were called to the Y.W.C.A. on Saturday afternoon at 2 o'clock by an alarm from Box 25, when a waste paper basket caught fire on the second floor. The damage was slight. Fire Chief James E. Thomas reported.

Gymanfa Ganu In Pittsburgh Church

On Sunday, October 22, the American-Welsh people of Western Pennsylvania will have a Gymanfa Ganu (Welsh Hymn Singing Assembly) in Carmel Presbyterian church, McDevitt Place, and Boulevard of Allies, Pittsburgh. Rev. R. J. Williams, M. A., of Scranton, one of the best known Welsh preachers in America, will occupy the pulpit in the morning at 10:45 o'clock, preaching a sermon in English. In the afternoon, at 2:30, he will deliver a brief sermon in Welsh, followed by congregational singing. At the evening service, at 7:30, H. Edgar Lewis, president of Jones and Laughlin Steel Corporation, will preside. A short

address will be given by Rev. Williams, followed by a song service. Mrs. Anna Wilson Jayne, a noted musician, of Charleston, W. Va., and at present in charge of the music activities in the Calvary church, at Charleston, has been secured to conduct the singing at both sessions.

Pigs And Heifers Will Be Given To Youths On Farms

Sears, Roebuck And Company
Foundation Will Make Annual
Award To Farm Youths

Sears Roebuck & Company Foundation will make its annual presentation of farm animals to youths residing in the Lawrence Beaver and Mercer county districts at a dinner to be held in Mercer on Friday evening, October 20. It was revealed today by Charles M. Basew, manager of the Sears, Roebuck & Company store here, Mr. Basew will be host at the dinner, to which the fathers of the youths who will receive the stock will be special guests.

For several years the foundation has been making this distribution in the local district and in past years has given only pure bred pigs. This year, in addition to 30 head of Hampshire and Berkshire pure bred pigs will be added 20 pure bred heifers consisting of Jerseys, Guernseys and Holsteins.

The youths in order to be eligible to receive the stock must be members of the Future Farmers of America and be a vocational agricultural student.

THIS TAKES THE CAKE
TUCKAHOE, N. Y., Oct. 16.—(AP)—Mr. Paul Compton started to bake a cake for a church bazaar, when it occurred to her that half a pound of butter in a cake was hardly in keeping with war saving. So, instead of the cake she sent the butter to the sale. It sold for \$12.85, some \$10 more than the cake would have brought.

Henry MacNicholas Formally Ordained

Ordination services for Henry T. MacNicholas, general secretary of the Christian associations of Wilmerding, were conducted at morning worship service at the First Christian church on Sunday morning.

Dr. G. S. Bennett was in charge of the service. Assisting him in the ceremony of laying on of hands were elders of the church, C. D. Mills, P. S. Young, Harry White, J. R. Mitchell, Amos Myer, and Fred Leonhardt.

Following the ceremony the newly ordained minister expressed his appreciation to the church of which he has been a lifelong member. Sunday school teacher, and superintendent of the Bible school.

For some years he was physical director of the Y.M.C.A. here.

Two divorces were handed down Saturday by Judge W. Walter Brannan. David Louis Bohltman was granted a divorce from Clara Leona Bohltman.
June Pauline Marks was granted a divorce from Helmer H. Marks.

YOU REALLY CAN'T
It seems there are some folks who can't get the idea that the last day for registration is past. All week long the telephones have been ringing in the permanent registration bureau with requests for information as to when the last day for registration arrives, can they register and other questions. It's too bad but the gate is closed. For three weeks The News carried articles on the final days of registration, the Republican and Democratic parties' ads, and everything possible was done to inform people. Apparently a lot of them missed it.

Yule Mailing For Overseas Nears End

Many Persons Are Taking Advantage Of Final Day To Mail Last Of Packages To Servicemen

Refreshed by the respite gained from Sunday's rest period, the parcel post clerks at the New Castle Post Office prepared to take care of the last of the Christmas packages to service men and women overseas, which will be mailed today, the final date for such mailing.

The load seemed to be easing off as the crowd which stood in line early this morning was not quite as

large as it had been during the past week. The peak seemed to have been reached last Thursday, although Friday found the load here only a few sacks under the record number sent out on Thursday.

Saturday's mailing totaled 146 sacks at the uptown office. Postmaster William R. Hanna stated today, which would total approximately 2,800 packages.

While some folks abided by the Post Office Department, namely that only one package per week be mailed to one soldier, some folks exceeded that number. With the tremendous rush during the mailing period, it would have been impossible to have checked up on the number of parcels mailed, postal officials here stated.

Overseas Gifts Total 10 Million Over 1943

NEW YORK, Oct. 16.—Even before the final deadline for the mailing of overseas packages, the number of Christmas boxes headed across the oceans exceeds last year's total by more than ten million, New York post office authorities estimate.

Incomplete figures show that at least 14,000,000 packages have been delivered to army post offices already.

Germany used 2,500 hospital dogs in World War I to find wounded men on the fields of battle.

King Carol May Be Barred From His Own Country

WASHINGTON, Oct. 16.—(INS)—King Carol of Romania, who is now en route from Mexico to Europe with his titian-haired companion Madame Lupescu, faces the prospect of being barred from his country by his son, the present King Michael. It was said in diplomatic circles today.

Such action by the young king, now 23 years old, would be against his own wishes, it was pointed out, since there is a strong feeling of affection between father and son. But it would be dictated by the king's advisors, who insist that the return of Carol would create an untenable situation in the country.

Unusual Experiences Plentiful For Members Of City Ration Board

Most people who work in rationing offices are firmly convinced that when it's all over, they are going to find an ivory tower some place, into which they can retire to write a book about their experiences with a hitherto-unrationed American public.

They are going to tell about the woman who came up to the Pearson street office and asked how much the gas coupons were; she heard you could buy them there.

They'll tell about another woman who read in the paper that truck drivers had to bring their certificates of gas necessity when applying for gasoline, so deciding that she, too, would like some of the extra gasoline, she came up to the board's office with her birth certificate and marriage certificate and wanted to know "what in the world is a certificate of war necessity?"

Liberal Education
Behind the counters and desks in the old Aiken school building are people who are rapidly being taught just about everything there is to know about the human race. They meet the people who come up to fight, and they meet those who write thank-you letters when they receive their allotments. They receive belligerent applications, tearful applications, and even applications in poetry.

One applicant was decidedly fatalistic about his application. He had been asked to check certain figures he had handed in, and a few days later the board received the following letter: "If these records are incorrect, please reverse the figures as I have no record of it divided. So I imagine my estimation will be just as wrong as yours."

If one woman had meant what her application said, the situation would be a matter for the investigation of the Human Society. Her letter read: "Please send me my V fuel oil ration coupons very soon as I am out of kerosene. I also have a baby in the house and have to use it to treat the room."

Still another applicant needed more kerosene because he hadn't paid his electric bill, and his electricity had been shut off.

In applying for his book III, one of the servicemen stationed at Westminster last year explained that "he was eating in the organized mess of the army."

Most outstanding case of all was the man who stalked into the office several months ago, after 2½ years of gasoline rationing and said he had gone down to get some fuel for his blow torch and found that you had to have some sort of coupons for the darn stuff.

Mistaken For Draft Board
Confusing the ration board with the draft board, a very indignant person wrote: "Madam, I am reporting someone in because I don't see why he isn't in this war; he rents a farm, it is true, but if it wasn't for his father and brother he would not be able to farm."

And then there was the little old fellow who stood there with paper after paper in his hands and complained, "But I don't want the paper; all I want is a pair of shoes." Among the not-so-frequent visitors are the persons who bring their tires up to the office just to prove how bad they are, and really unusual was the soldier, home on furlough, who brought his attractive

A NORWICH PRODUCT

Hawaiian wife up to the office with him.

At first America didn't know exactly how to cooperate with these new creatures called ration boards. War or no war, the public was often irritable, always amusing. Now, after several years of becoming resigned to the idea, and with names like Bataan, Tarawa and Salerno coming up one after another, the people are getting much more matter-of-fact, and even good-humored about the whole business. It's still a subject for books though, the office force believes.

In the middle ages, brides carried or wore wheat ears and the guests, hoping for prosperity, threw grains of wheat over the bride.

Maximum Prices

Fixed For Poultry

PITTSBURGH, Oct. 16.—Maximum prices for poultry, effective November 1, were announced today by the Pittsburgh district Office of Price Administration.

They range from 31 cents per pound for a live stewing chicken (fowl), to 64 cents per pound, the maximum which may be charged for a young turkey ready for the oven. Price lists to be supplied by the district OPA must be posted and be clearly visible to customers.

The prices for turkeys represent a drop of one and two cents per pound in some types from September and October prices. Chicken prices are unchanged.

The prices, the same as in 1943, have been approved by the secretary of agriculture and the price administrator, and reflect parity to the producer.

Retail markets were given mark-ups on their net costs to maintain their normal profits and the prices reflect a small advance granted

truckers for hauling certain distances.

Only a rare case involving packing, freezing, icing, shipping and other operations could possibly permit any higher prices, Bernard Huber, OPA price specialist said. Dealers are asked to consult Mr. Huber or their local war and price rationing board if they have difficulty computing their prices.

OPENING LUNCHEON FOR SOROSIS CLUB

Opening meeting for Sorosis club was in the form of a luncheon at the home of Mrs. Robert McBurney, Meyer avenue. Friday afternoon. Committee in charge were Mrs. Robert McBurney, Mrs. E. A. McClure, Mrs. Ezra Marvin, and Mrs. Roy A. Long.

During business after luncheon President at-Large Miss Evelyn Stevenson appointed members to serve on the various federation committees for the coming year.

Remainder of the afternoon was spent in a story contest under the direction of Mrs. Ezra Marvin. Members related interesting experiences of the summer.

On October 27, Mrs. J. Glenn Berry, Hazlet, will be hostess.

PATTY ANN MICCO HONORED AT PARTY

Mrs. Anthony Micco, of Cascade street, was hostess Sunday afternoon to a group of 20 youngsters, when they gathered in honor of the third birthday of her daughter Patty Ann.

From the hours of 2 to 4 o'clock, the small guests were entertained with games and snipping pictures of the group. Prizes were later awarded to Dickie Colacina, Frankie Stone, Sally Paris, and the door prize to Joe Bonfield.

A birthday lunch was later enjoyed around a nicely arranged birthday table. Assisting the hostess in serving were Mrs. Rudy Ketchel, Mrs. Joseph Porella, Mrs. Peter Ruppel, and Mrs. Peter Micco. Special guests were Patty Ann's grandmothers, Mrs. P. A. Micco and Mrs. John Soloki.

Among the many lovely gifts received by Patty Ann, were souvenirs from her father, Pvt. Anthony Micco, of Camp Rucker, Ala., and her uncle, Louis G. Micco, S-1-C, of New Guinea. She also received many other remembrances from the guests.

RAINBOW HEADS GUESTS AT TEA

Mrs. L. A. Wygant, district deputy of district two, and Miss Marjorie Allen, grand worthy advisor of the Order of the Rainbow in Pennsylvania, were honor guests at a tea given in the home of Miss Martha Eischen, of Pittsburgh Circle, Ellwood City, Saturday afternoon.

Mrs. Eischen is worthy matron of the Ellwood City chapter, Order of the Eastern Star.

Other guests included members of the committee from the Ellwood City chapter, O. E. S., and prospective members of a chapter of the Order of the Rainbow which is projected for Ellwood City.

Mrs. Wygant and Miss Allen will be accompanied to Ellwood City on Friday evening by the other local grand officers, when they will be the guests of the Order of the Eastern Star, and the work of the organization will be explained in detail to the chapter.

USSELTON-DUVAL EVENING CEREMONY

Miss Margaret Usselt, daughter of Mr. and Mrs. Hugh D. Usselt, of East Grant street, and Oliver P. Duval, son of Mrs. Flora Duval, of West Garfield avenue, were married at a ceremony performed at the First Baptist church on Saturday evening at 6:30 o'clock in the presence of a large gathering of friends.

Rev. Oliver W. Hurst officiated before the altar which was banked with white gladiolus, palms and ferns and lighted by white candles placed at either side.

The bride wore an ivory taffeta gown with a sweetheart neckline, fitted bodice, bracelet-length sleeves, and skirt with a cascade of ruffles forming a slight train. Her headpiece was a heron cap of seed pearls and lace with an illusion veil. Her bouquet of white carnations and stephanotis was centered with an orchid corsage.

She was given in marriage by her father, Mrs. Paul S. McCondy, as her maid of honor, wore turquoise tulle and ravena marquisette. Bridesmaids Mrs. Robert Boughter and Miss Jane Taylor wore peach marquisette over tulle. They carried colonial bouquets and wore ostrich tip headresses. Miss Karen Boughter was flower girl.

Robert Boughter was best man and ushers were Wesley Mann, William Usselt, William Mackie and Roy Gibson.

Before the ceremony Mrs. Max Lukhart played a half hour recital of organ music and Miss Verlee Maerkmann sang "Calm As the Night," "I Love Thee" and "Alway." The Lohengrin march heralded the entrance of the bridal party. Organ music continued softly during the exchange of vows.

After a congratulatory period at the church, a reception for 75 guests was held at the home of the bride's parents. A three-tiered cake centered the bride's table.

Mr. and Mrs. Duval left for a short trip to Lake points. On their return they will take up residence at 4 West Garfield avenue, this city.

Mrs. Duval is a graduate of New Castle high school and of New Castle Business college and is employed in the office of the Pennsylvania Engineering company. Mr. Duval is also a graduate of New Castle high school and is employed at the Johnson Bronze company.

British Relief Asks Clothes For English

Buzz Bombing Of Southern England Brings Hardship; Clothes And Shoes Needed

To meet the urgent need of clothing and household drygoods because of the robot bombing of southern England and London, the Lawrence County Unit of the British War Relief Society of America with L. J. Lewis as campaign chairman is sponsoring a drive this week in co-operation with New Castle churches.

Appeals were made from the pulpits of many New Castle churches because of the widespread destruction of houses and household goods by robot bombing. Word received by the local unit is that more than 1,104 homes have been destroyed or damaged and more than 21,000 people killed or injured. Robot bombing continues from the air and is still causing great havoc and rendering many homeless with nothing left but what they stand in. All clothing in good repair, clean and free from moth, is acceptable, also household linens, curtains and draperies are urgently needed.

One truckload of assorted clothing and shoes was shipped last week through the efforts of the First Congregational church.

Gifts of good used clothing or household dry goods can be left this week at any of the following churches: Trinity Episcopal, First Presbyterian, First Methodist, Epworth Methodist, Second United Presbyterian, Central Presbyterian, First Christian church, or the First Congregational church. The collection closes next Saturday when they will be picked up and prepared for immediate shipment.

Pleads Not Guilty

When Arraigned

Mrs. Ralph Judy, said to be from Ohio, was charged by Chief of Police Robert D. Hanna in an information sworn to before Alderman O. H. P. Green, with driving an auto while intoxicated at two a. m. today after her car and that of Ralph Bartberger, R. D. 5, were involved in an accident. East Washington and County Line streets. A city physician examined and pronounced her intoxicated. She pleaded not guilty and pending a hearing was held.

The woman recently underwent an operation and her condition became such last night police had to take her to the Jameson Memorial hospital for treatment because of pain, the police report stated.

Plan To Honor Two Prominent Wives

PITTSBURGH, Oct. 16.—(INS)—Wives of two prominent Allied war leaders will be honored at the anniversary luncheon of the Pennsylvania College for Women on October 28. It was announced today by committee chairman, Mrs. John M. Phillips.

The guests of honor will be Lady Dorothy Halifax, wife of the British ambassador to the United States, and Mrs. George C. Marshall, wife of the United States army chief of staff.

The role of women in society during the postwar period will be emphasized at the luncheon, to be held as part of the PCW's 75th anniversary celebration.

Allied Bombers Keep Up Attacks Upon Germany

LONDON, Oct. 16.—(INS)—New large forces of allied bombers roared over England's east coast early today, indicating a continuation of the unprecedented week-end air blows against German-held areas on the continent.

A large force of RAF bombers swept across the channel before daylight, according to the British Press Association.

These seemed bound on a will follow-up to the record 8,000-plane operation which showed death and destruction over widespread enemy areas and left the German island port city of Duisburg virtually leveled.

Huge Bomb Tonnage Dropped
The British and American planes participating in the assault deposited an estimated 16,800 tons of bombs on target areas from just behind the Siegfried line on back to supporting areas that included railway centers and oil refineries.

The cities of Wilhelmshaven and Hamburg, meanwhile, underwent a smashing heavy night attack from Royal Air Force fliers.

Supported by strong fighter escort 1,200 American fighters rained destruction on vital targets at Cologne, close behind the Siegfried line, and in addition attacked two German oil plants at Monheim and Düsseldorf. Twenty-three heavy bombers did not return.

Rail and communication targets in the Bologna area and near Verona were attacked by medium and fighter bombers of the Mediterranean air force.

Democrats Will Have Rally Here

County Chairman Shaw Announces Meeting At Court House On Thursday Night

John B. Shaw, county chairman of the Democratic party announced today that a Democratic rally will be held in the court house at 8 o'clock Thursday night, October 19. Present at the meeting will be the state candidates of the party.

Included in the list of candidates will be Congressman Francis J. Myers, candidate for United States senator; Superior Court Judge Chester H. Rhodes, who is a candidate for re-election; State Treasurer G. Harold Wagner, who is a candidate for auditor-general; and Samuel G. Neff, who is a candidate for congress.

Mr. Shaw will act as chairman of the rally and will introduce the speakers.

Back Covers Needed With 'A' Application

Back Cover Or Whole Cover Of Present 'A' Book With Application For New Stamps

Applicants for new "A" gasoline ration books should send in the back cover of the present "A" book, or the whole cover, but not the front cover, to the ration board emphasized this morning.

The part to be sent in is headed "Certification of Bookholders," and should be signed with both the name and address of the holder. These covers alone will not entitle the applicant to a new book; they must be accompanied by one of the applications which are now available at many of the service stations or at the board's offices on Pearson street.

All persons who have sent in the front covers, or covers alone without applications, will probably receive their covers back, the board said. If there is any doubt in the applicant's mind about which part of his present book he should send in, he should send the whole cover. This is permissible, because of an OPA regulation permitting the use of "A-11" loose until November 9.

St. Joseph Sodality will meet Thursday evening, October 19, at 7:30 o'clock in the school hall, with prefect Pauline Peluso in charge.

War II Veterans Free From Rules Governing Hiring

May Seek Job Of Their Choice Without Regard For Priority Or Essentiality Of Work

In order that the wartime restrictions governing employment will not hamper veterans of the present war in their readjustment to civilian life, the employment stabilization, employment ceiling, and priority referral plans for Lawrence County have been amended, George R. Gettings, manager of the local United States Employment Service office, revealed this morning.

Under the new set-up, veterans of World War II may be hired without regard to employment ceilings, and if they wish to change jobs, they will not be required to secure or present statements of availability. Furthermore, those who seek employment through the United States Employment Service will be entitled to a referral, as a matter of right, to any job of their choice, without regard to the essentially or priority status of the work.

Although they may be hired by an employer without referral by the U. S. E. S., or any other authorized referral channel, all possible assistance will continue to be given to the veterans who come to the employment office for work.

Three Million Service Votes Are Looked For

Expect Soldiers, Sailors, Marines, Coast Guards And Women To Cast Heavy Vote

WASHINGTON, Oct. 16.—(INS)—Three million service men and women will cast ballots in the presidential election a nation-wide survey by the magazine United States News reported today.

Upward of two million service ballots already has been cast, the magazine said, and the total service vote may be enough to swing the election in event of a close finish for the civilian vote between President Roosevelt and Governor Thomas E. Dewey.

"Upward of two million votes for president already have been cast in different parts of the world by the nation's armed forces," the magazine reported. "More than one million of these votes now have been returned to the states and are waiting in county and state election vaults to be counted."

"Election officials expect at least

another one million votes to be cast and sent back to the states for counting. The bulk of these three million votes—and the total could be much larger—is concentrated in pivotal states. In the event of a close civilian vote in those states, the service ballots now rolling in from all over the world can be a decisive factor."

The magazine's survey showed the soldier vote situation in important states as follows:

New York—400,000 soldier vote probable.

Pennsylvania—300,000 soldier vote seems conservative. Over 600,000 servicemen have been sent ballots.

Ohio—Soldier vote can be decisive only if election is closer than indicated. Over 125,000 soldier votes returned. Vote could reach 250,000.

Illinois—Over 225,000 ballots mailed out of total of 525,000 eligible.

California—Ballot applications received from over 275,000 servicemen. Few election officials think soldier vote there could overturn the results.

New Jersey—Ballots sent to 345,000 of eligible 360,000 service votes.

Massachusetts—State has 350,000 eligible service votes. Ballots going out to over 200,000.

Oregon—With 100,000 eligible service votes, ballots already sent to over 40,000. If civilian vote could be decisive.

"An unexpected display of interest by voters in the armed forces, coupled with a close vote among civilians, could influence the election in many a state," the magazine reported. "Actually, this would have to happen in only two or three of the larger states, with big electoral votes, to determine the next president."

FACES DOUBLE CHARGE

PITTSBURGH, Oct. 16.—(INS)—Marion Petrich, 46, of Ambridge, was charged with violating the uniform firearms act and with driving while under the influence of liquor today following a collision between his car and another last night. Police said Petrich carried a loaded revolver.

Small Number Of Voters May Decide Control Of House

Close Elections In Some Districts May Mean Decision In National Congress

By WILLIAM THEIS U.S. Staff Correspondent

WASHINGTON, Oct. 16.—A fractional handful of 7,000 American voters may conceivably hold the answer today to whether the Republicans or Democrats will win control of the house of representatives in the November election.

For it was a scant 7,239 votes which determined the outcome in 14 congressional districts in 1942 and enabled the Democrats to regain house control. Ten of the 14 contests which were decided by margins of less than 1,000 votes were won by the Democrats. Republicans "queaked through" in three districts while one close seat went to a farm-labor candidate.

This may explain why Democrats and Republicans—both President Roosevelt and Gov. Thomas E. Dewey—have made appeals to "get out the vote." Party leaders generally are speaking in terms of the presidential election. But the result in these 14 close congressional districts easily could determine house control.

Today the Democrats hold a bare working majority in the house. Their 216 seats are almost matched by the Republicans' 212, but with three vacancies and four minority party members, the Democrats have clung to voting control.

Small Proportion

Thus the Republicans need to gain only six additional seats on November 7 to obtain a clear majority of 218 of the 435 house places.

Had the Republicans swung a total of 5,375 votes in the right places two years ago, they would have carried the 10 districts which the Democrats won by less than a thousand votes. In so doing, they would have captured the house which at the opening of the 78th congress in January, 1943, held 222 Democrats to 208 Republicans.

It is reasonable to assume that these same districts where voting strength is so closely drawn may be the decisive areas for both parties in 1944.

Political observers point out that a strong voting trend one way or another in the presidential contest could upset to some extent congressional statistics based upon an off-year house election. But most of them believe—and the popular polls indicate—that the presidential election will be close.

Five of the narrowly won 1942 districts were decided by less than 500 votes, and in two districts—one Democratic, one Republican—the margin was less than 100.

Actually, the 7,239 votes which decided the 14 districts in 1942 was but .025 of one per cent.

Hay Ride Event For Young People

Christian Endeavor Boys And Girls Of First Christian Church Have Outing

Young people of the Christian Endeavor society of the First Christian church enjoyed what they termed a "simply super" outing on Saturday when they went for a hay ride to the summer cottage of Mr. and Mrs. M. Dale Andrews at Pymatung Lake.

Seventy-five young people piled into two huge trucks filled with hay. At the cottage outdoor games were entertainment followed by supper cooked over the outdoor grill. Group singing was also a pastime.

Five soldiers from Deshon annex were special guests.

Adults from the church who accompanied the group were: Mrs. Grace Phillips Johnson, Mrs. Richard Allen, Mrs. Ralph Eakin, Mrs. Frank Dowd, Miss Emma Patton, and Carl Gilmore, superintendent of the Sunday school.

In the days of the former Kaiser of Germany, his Prussian guards all stood seven feet tall in their stockings.

FBI Has Done Excellent Job

FBI Has Tracked Down 417,677 Cases Where Men Have Evaded Draft Calls

PITTSBURGH, Oct. 16.—(INS)—During four years of selective service enforcement work the Federal Bureau of Investigation has handled the cases of enough men to make an army of 33 modern infantry divisions, it was disclosed today by H. T. O'Connor, special agent in charge of the Pittsburgh office.

Up to October 1, 1944, he pointed out on the fourth anniversary of the Selective Training and Service Act, the FBI had closed 417,677 cases, and in every case the man involved was made available to the armed services or his case disposed of otherwise according to law. Convictions thus far total 10,490.

This compares, he said, with World War I, when approximately 10,000 were prosecuted for the single offense of failing to register. Of these, 8,167 were found not to be willful violators and registered immediately. During this war only 1,240 have been convicted of this offense.

"When men have become technically delinquent because of carelessness or for other understandable reasons," O'Connor said, "they generally have been made available to the armed forces without stigma. Those guilty of deliberate and aggravated evasion have been prosecuted."

At present the FBI has 23,816 pending cases, it was reported.

'Sweet Adeline' In Opera House

Chicago Civic Opera House Will Be Scene Of Contest For National Quartets

CHICAGO, Oct. 16.—The austere and practically hallowed precincts of the Chicago Civic Opera House, in which the notables of the operatic world have appeared, will resound October 29 to melodies foreign to its atmosphere.

The Chicago chapter of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc., announced it had arranged for many of the nation's championship quartets to display their vocal wares on that date in a war bond rally.

Among the quartets will be the Harmon Halls of Grand Rapids, Mich., champions this year; the Harmonizers, last year's champs; and the Elastic Four, the winners in 1942.

Then there will be the second, third and fourth place winners in the national contest held recently in Detroit—the Misfits, the Gipsies, Amberlin Four, and the Westinghouse Four of Pittsburgh, along with a number of other top-ranked warblers of "Sweet Adeline" and the like.

Escape Route At Aachen Cut

By KINGSBURY SMITH U.S. Staff Correspondent

SUPREME HEADQUARTERS, ALLIED EXPEDITIONARY FORCE, Oct. 16.—Twin forces of the United States First Army joined hands east of Aachen today, closing the narrow gap between them and sealing off any possibility of a mass German escape.

A battlefront dispatch from International News Service War Correspondent Richard Tregaskis reported the gap closed off at 11 a. m. E. W. T. in the area south of Wurselen.

Headquarters meanwhile reported continued heavy fighting in the wreckage-strewn streets of Aachen and in the surrounding countryside.

Soft Coal Output Under First Quarter

WASHINGTON, Oct. 16.—(INS)—The Office of Solid Fuels Administration Ickes announced today that production of bituminous coal during the second coal year quarter, ending September 30, averaged only 11 million 656 thousand tons a week, or about 384 thousand tons less than the average in the first quarter.

This indicates a trend, the announcement said, that threatens to continue downward because of decreasing mine manpower, holiday absences, and weather conditions adversely affecting strip mining.

To meet over-all estimated soft coal requirements of 626 million tons for the fuel year, April 1, 1944 to March 31, 1945, it would be necessary for the mine to produce an average of some 12 million 38 thousand tons per week throughout the entire year. However, it was pointed out that production in eight of the thirteen weeks of the second quarter was under that average.

Sgt. C. McFarland Wounded In Action

Parents Get Word That Infantryman Son Is Wounded In France

Mr. and Mrs. F. F. McFarland, of 101 1/2 South Front street, have received word from the War Department, at Washington, D. C., that their son, Sgt. Charles S. McFarland, was wounded in action in France on September 20, 1944. He was attached to the infantry corps.

Sgt. McFarland has been in the service for two years and eight months, and overseas since April. He is a graduate of New Castle high school. Last word received by his parents from him was on Aug. 1.

A soldier requires 40 times as much wool as a civilian, and it takes 26 sheep to provide that wool for one year.

Notre Dame And Army Run Wild In Grid Battles

Irish Smother Dartmouth And Army Tramples Pitt With Lopsided Scores

PENN STATE WINS FROM BUCKNELL

By JOHN CASHMAN
(International News Service Staff Writer)
NEW YORK, Oct. 16.—It will be a long time before the experts forget the feat of Virginia in trouncing the very nearly unbeaten North Carolina Pre-Flight team which was supposed to be the best service team in the country and the second best on the service-collegiate national circuit.
With the fall of North Carolina Pre-Flight Saturday in their 13-13 tie, a new search is on for service grid team No. 1. The Second Air Force Bombers, Great Lakes and Iowa Seabees all have met their match. Apparently it is up to Bainbridge Naval loaded with pros and Peary, to fight it out for honors in the east.
Notre Dame is still on the march after handing Dartmouth a 64 to 0 defeat.

Army Smothers Pitt
Another overwhelming scoring spree was staged by Army which in beating Pitt, 69 to 7, turned in the largest score seen in Michie stadium since the Cadets pumpled Dickinson, 89 to 7, in 1929. It was also the worst setback sustained by Pitt since the Panthers' 63 to 0 defeat by Penn State in 1903.

Navy scored a thrilling 7 to 0 triumph over Duke on a bit of quick thinking by End Charlie Guy.
Yale remained unbeaten with a 27 to 10 victory over light but speedy Columbia. Ohio State also kept intact its unbeaten record with a 20 to 7 triumph over Wisconsin, which was shoved out of the ranks of the unbeaten.

State Beats Bucknell
Penn State looked forward to Saturday's game with Colgate at Hamilton, N. Y., after turning in a 20 to 0 win over Bucknell. Colgate tripped Cornell, 14-7, while the Lions were defeating the Bisons. Bucknell was not scheduled this week-end.

Villanova, suffering a 26-0 setback at the hands of Holy Cross, meets Muhlenberg in Philadelphia Saturday. The Mules' tumbled Franklin and Marshall, 19-13, in a week-end contest.

The Lafayette-Lehigh game will mark the first game of the season for the Engineers. Lafayette has topped N. Y. U., but dropped Saturday's game to Syracuse, 32-7.

CATHOLICS WIN GAME
The Catholics football team coached by Gabby DeCaprio defeated the ex-Union High Stars at Union field Sunday 13 to 6. Wallace scored on a 60 yard run for the Stars touchdown, with DiGilio and Coppel scoring for the Catholics. For games with the Catholics call 5550-R and ask for Gabby DeCaprio.

ANSWER TO QUERY
Jack Dempsey won the world's heavyweight title from Jess Willard July 4, 1919, at Toledo. Willard's seconds tossed in the towel when he did not answer the bell for the fourth round.

NEW CASTLE NEWS SPORTS

HERE AND THERE IN SPORTS' LAND

THISTLEDOWN track in Cleveland has a jockey who is riding high. He is Leon Hall who is not yet 17. However, after breaking in at Detroit this summer he has sized through with 33 winners in 32 days of riding. . . . Duck hunters are in their glory these days. . . . Among those who sought the fowl are Dr. Bill Horner, ex-grinder of Pitt, Bob Lamore and some others of this city. . . . There's a report current that Casey Stengel will not return as manager of Milwaukee next year. The report also says that he may get the Kansas City post now held by Jack Saltsgraver. Burleigh Grimes may pilot the Brewers, the report concludes.

Mc Hein, captain of the New York Giants, has received the "most valuable" player award. He was an All-American star at Washington State College before breaking into the professional game with the Giants. According to report he has played with the pros 14 years. Business Week reports that with each hunting or fishing license given out in Colorado the buyer receives a tough-paper tape measure. . . . The idea may spread to Pennsylvania some time. . . . Joe Louis is willing to defend his world's heavyweight title against Billy Conn in a post-war bout he reported at Washington.

Fair Or Foul

By LAWTON CARVER
(International News Service Staff Writer)
NEW YORK, Oct. 16.—Camp Peary down in old Virginia may have the best service team in the nation.

You haven't heard much about the Camp Peary Pirates yet, but spokesmen for them insist you will be hearing about them soon. They say the Pirates are far better than North Carolina Pre-Flight Cloud-Busters, about which so much has been written, and they add that the Cloud-Busters are not the team that Camp Peary fears. Bainbridge Naval Training Station, Maryland, is tougher than the Cloud-Busters, according to gentlemen from down yonder way who are supposed to know.

The Peary Pirates have a squad of 47 men, of whom all except 15 have had football experience either in college or in professional football, or both.

Have All-Americans
One of their tackles is Andy Uram, All-American from Minnesota, and later a Green Bay Packer. Russ Letlow, of those same Packers, is at guard; John Hightower, of the Detroit Lions is at end; Lou DeFilippo, of the New York Giants is at one of the tackles and so on down the line, through such guys as Al Matz of the Chicago Bears at center, John Rokisky, All-American from Duquesne at end; Bob Morrow, of the Chicago Cardinals at quarterback; Bob Bjorklund, Minnesota's co-captain in 1940, at tackle. There are dozens more.

Yet these Pirates feel some genuine misgivings in looking ahead to two games with Bainbridge, which was so loaded up with big bruising former pro performers that some were sent to Camp Peary.

These Peary Pirates were in action against Camp Lejeune, of North Carolina, this past Saturday when Peary will encounter Bainbridge for the first time. Peary then will meet the North Carolina Pre-Flighters on Nov. 18 in another game regarded as something of a

test and will take another crack at Bainbridge on Nov. 25.

Coached By Strader
The Pirates are coached by Norman Strader, formerly of St. Mary's, Lieut. Richard H. O'Connell manages the team. He is a former Harvard footballer. Lieut. Charles A. Mensch handles publicity for the Naval outfit, and that might give you a clue as to where I obtained all this information.

The Pirates beat the Washington Redskins in a practice game, 33 to 27, and took the Cherry Point Marines, 20 to 0. In these two games the Pirates gained 657 yards against 292. Then they trounced Camp Lejeune 42 to 0.

"And we didn't even extend ourselves," said Lieut. O'Connell. Moreover, we beat Camp Lejeune in handier fashion than Bainbridge did and we did it on a muddy field.

ST. VITUS AND ST. MARY'S WIN

Paolone, Sabino, Caselle, Murphy, Taylor And Smith Play Good Game
St. Vitus and St. Mary's were the winning teams in the Catholic Grade School Football league Saturday, the former having defeated St. Michaels 33-0 at Union high field and St. Mary's having vanquished St. Joseph 12-0 at Taggart practice field.

Paolone scored the first touchdown for St. Vitus in the opening period. Sabino scored three and Toscano scored the other. Paolone converted two of the attempts for extra points successfully and Caselle turned in another for St. Michael.

Taylor made the first touchdown in the first period by steady "driving" for St. Mary's against St. Joseph. Murphy, on a reverse play, clinched the game in the last quarter. McGovern and Smith played a good game for St. Mary's. This was St. Mary's second victory.

The games for Saturday follow: St. Mary's vs. St. Vitus at Union high and St. Joseph vs. St. Michaels at Taggart practice field.

PHILADELPHIA, Oct. 16.—(INS)— Saint Thomas, who recently was admitted into the good graces of Father Devine, was confident today that he will defeat former World Light Heavyweight Champ Melio Bettina in their scheduled 10-round windup at Convention Hall in Philadelphia tonight.

Bettina, however, although sporting 10 pounds to the 216-pound betting favorite, Thomas seeks his 15th knockout in 17 matches. Seven of his opponents were flattened in the first round.

Dorsey Lay, Philadelphia Negro lightweight, squares off against Sammy Parotta of Pittsburgh in the scheduled eight-round semi-final.

Chicago Bears Top Cards-Pitt

(International News Service)
The Cleveland Rams, out of play all last season but now bidding for the Western Division leadership in the National Football league, maintained a clean slate for the season today after coming from behind to beat the Lions at Detroit, 20 to 17, before a crowd of 21,115.

The Chicago Bears came to life after losing two straight league games and looked more like the champions of old in overwhelming the Cards-Pitts, 34 to 7, in the first game of the season at Chicago's Wrigley field.

The New York Giants, heading the Eastern Division, went over to Brooklyn to administer a 14 to 7 whipping to the Tigers before 24,854 fans.

The other National league game was played in Boston, with the Washington Redskins triumphing 21 to 14 against the new Boston Yanks outfit.

JOHNSON BRONZE DEFEATS I.A.M.

Peterson Outpitches Hardesty, Wins First of City Title Series

Johnson Bronze blanked the International Association of Machineists 8 to 0 at Marshall field yesterday in the first of a three-game series for the championship of the City Baseball circuit. Peterson pitched for the Bronze. Hardesty pitched for the I.A.M. Hardesty allowed only three hits. Hardesty was found 11 times. Paul McCullough was slatted by those in charge of the game to hurl but did not.

The Bronze broke the ice in the third with three runs and added runs in all excepting the fourth and sixth frames. Doot and Rainey pitched doubles. There were several double plays. No I. A. M. hitter reached second base.

Cal Hubbard, major league umpire, ex-grinder and coach, umpired the game between the Loyal Moose and the night turn of the I. A. M. The Moose won 7-0.

The games were played as a benefit for Pat Selbert.

Next Sunday at Marshall field the Bronze and I. A. M. will play the second game. If the Bronze wins, the series will be over.

Bessemer Loses To Hopewell 19-13

Bessemer Bows Out Of Class B Title Race In Saturday Battle

(Special To The News)
BESSEMER, Oct. 16.—Bessemer High School football team, bowed right out of the Class B championship race, Saturday afternoon at the local field, by losing a heart-breaker, to a crippled Hopewell Township High team 19 to 13. Hopewell remains undefeated in five starts.

Big Joe Dohal the Hopewell full-back sparked the victory to three touchdowns in the first half then took things easy after being injured. Dohal scored two of the Hopewell touchdowns and passed to Schmidt for the third. Bessemer fought an uphill fight the second half and came close to tying the score at one time.

Hopewell Leads At Half
Hopewell started a drive in the first period from their own 35 yard line, and sparked by running plays of Dohal, Belich and Manges, reached the two-yard line, from which point Dohal ran the ball over for the first touchdown. A pass for the extra-point was grounded. Hopewell led at the first-period 6 to 0.

Starting from midfield, the Hopewell running attack failed, and they took to the air, with Schmidt and Miller catching passes, to put the ball on the Bessemer six-yard line, from which spot Dohal ran it over off tackle. Dohal passed for the extra-point, making it 13 to 0 Hopewell.

Shortly before the first half ended, Hopewell put over its third touchdown on a pass to Schmidt from the five-yard line. Hopewell having taken to the air, when a running attack again bogged down, to a fast charging Bessemer line, led by Mittica and Montanna. The extra-point failed, and it was 19 to 0 Hopewell as the first-half ended. Hopewell had nine first downs in the first-half, Bessemer didn't have any.

Bessemer Stages Comeback
A determined Bessemer team came out for the second half, and proceeded to get back in the ball game by scoring a touchdown. Bessemer began a 55-yard drive sparked by John Pezzuolo who sprinted 20 yards to the eight-yard line and on three plays, Anderson scored from the two-yard line on a quarterback sneak. The extra-point failed for Bessemer. The third period ended with Hopewell leading 19 to 6.

Starting a drive from midfield in the final period Bessemer's fine backfield led by Pezzuolo, Galletta and Rocco Commesso carried the ball to the Hopewell eight-yard line. Commesso then ran the ball over from the rightside of the line for a touchdown. On a plunge Pezzuolo scored the extra-point to make it 19 to 13.

Bessemer Loses Mittica
Bessemer threatened in the closing moments, but Hopewell took the ball and kicked out of danger. Bessemer took to the air, and just as the game ended, Hopewell intercepted a Bessemer pass, on the 15 yard line.

Bessemer will lose the services of a sterling right guard, the remainder of the season, when Rocco Mittica leaves for army duty on Thursday of this week. In his final game, Mittica covered himself with glory, making tackle after tackle and leading fine interference. Montanna also played a whale of a game, for Bessemer on the line as did Livorno, a sub who will replace Mittica. Schmidt, Sirko and Chiolkas played well for Hopewell on the line. Johnny Pezzuolo and Willie Anderson looked very good in the Bessemer backfield.

Bessemer plays Zellenople next Friday afternoon at Bessemer in an important Tri-County league battle.

Reynolds Soldier Steals Bus, Now Reposing In Jail

SHARON, Pa. Oct. 16.—(INS)—Pvt. Hugh L. Smith, 22, was being held in Sharon jail today following an escape in which he stole a 35-passenger bus from Camp Reynolds, was chased by 10 police cars in Pennsylvania and Ohio and was finally nabbed after the rear tires on the bus he was driving were flattened by bullets.

Asked why he had taken the bus from the camp grounds, he answered: "I wanted to go to Youngstown."

Authorities said that after Smith took the bus, he drove to Sharon and Warren, O., and then started back toward Camp Reynolds with the long line of police cars in pursuit.

One car bearing military police was forced into a ditch during the chase, but no one was reported injured. Smith was taken into custody about six miles from Sharon.

Shenango Trims Evans City 26-7

Charles Tanner Sparks Shenango To Win Saturday With Three Touchdowns

(Special To The News)

EVANS CITY, Oct. 16.—Sparked by the brilliant running and passing of their star fullback Charles Tanner, the Shenango high school Wildcats football team, won its first game of the current season, at Evans City high field Saturday night. The score was 26 to 7. Tanner tallied three of the Shenango touchdowns.

Shenango had 19 first downs to 7 for the Evans City team, which shows the superiority of the East New Castle eleven. Shenango had two scoring opportunities, other than the four they scored, but could not put them over. The play of the Shenango line, led by Almes and Sumner was brilliant throughout the game.

19 to 0 At The Half

After a scoreless first period, Tanner electrified the crowd by taking the ball on the first play of the second period and racing behind interference for a 60 yard touchdown dash. Tanner converted the extra-point to make it 7 to 0. Shenango's second touchdown came after a drive from its own 35 with Henderson and DuJaco carrying the ball to the Evans City 15 where Tanner took over and scored, off tackle. The extra-point by Tanner failed. The score, Shenango 13—Evans City 0.

Shortly before the second period ended, C. Tanner again tallied this time from the 35 yard on a fine run through a broken field. The extra-point failed by Tanner and it was 19 to 0 Shenango at the half.

McGuire Scores on Pass
Shenango's fourth touchdown came in the early stages of the third period, as the result of a 45-yard drive, sparked by passing and off-tackle plays, until the 5-yard line was reached, and on a triple reverse, Leese tallied. Evans City made the extra-point on a pass to Dunbar.

Meet Union Next
The play of Henderson and C. Tanner was brilliant, in the Shenango backfield all evening. C. Tanner is without a doubt one of the finest backfield men in Lawrence County, a real sparkplug to the Nahas coached machine.

Shenango's next game is this Friday afternoon, at 2:15 o'clock, with Union High, furnishing the opposition, in a Lawrence county league battle.

Two Grid Players Killed In Crash

Report 25 Others Injured When Truck Plunges Into Retaining Wall

GLENFIELD, Pa., Oct. 16.—(INS)—Two Pittsburgh youths were dead today and 25 others were recovering from injuries and shock sustained when a truck returning players of the Pittsburgh Olympics football team from a game with Sewickley crashed and overturned in Glenfield.

The dead were George J. Heitrich, 23, and Peter Yock, 19. Nine others were hospitalized, several with serious injuries.

State police reported that the truck, driven by Adam Micinski, 16, plunged into a retaining wall when the brakes and steering gear failed to work.
